

COOKIES POLICY

1. USE OF COOKIE FILES

This Website uses cookie files. Cookies — are small files that are downloaded to your computer and help ensure the normal and safe operating of the website. They help collect information about products that the Website's users are interested in, and also consider the in-session navigation. This is done in order to make our online offers more profitable for users.

Skopinpharm, LLC respects the privacy rights of the website visitors and acknowledges the importance of protecting their personal data. Data from the Website are analyzed anonymously.

When visiting this Website, your Internet browser transmits certain information to the server of Skopinpharm, LLC: date and time of the visit, browser type, language settings, operating system. Information about how the Website is used will not be linked to the full IP address. The IP anonymization feature offered by Google has been activated on our Website, so the last 8 digits (IPv4 type) or the last 80 bits (IPv6 type) of your IP address are deleted. This information is stored in the connection logs for a limited time to ensure the security and proper operation of the Website, as well as to collect statistics.

We use cookies for technical purposes without which the operation of our Website will be significantly reduced.

2. WEB ANALYSIS

Our Website uses Google Analytics, a website analysis service from Google Inc., 1600 Amphitheater Parkway, Mountain View, California, 94043, United States of America (Google). Based on your prior consent, Google analyzes, on our behalf, how you use the Website.

You can disable cookies at any time or configure your web browser to warn you about receiving cookies. However, if disabled, you cannot use all the functions of this Website.
